Dear Seniors,

The class of 2023 – The COVID bookend class! You started your high school career in a very different world, one that is almost hard to remember with any accuracy, and your time at Lick will culminate with a normalcy that included retreat, prom, senior skip day, and graduation at the beautiful Sydney Goldstein Theater. While you experienced your share of lost experience, my optimism for you suggests that the hardship will prepare you for life in ways that will make you stronger. You endured something that none of us were prepared for - you struggled, you found joy, and you learned that you can face challenges and to overcome. We are proud of you and excited for what this strength will mean for your individual and our collective futures.

As your interim head of school, I want to thank you. I have had the honor of working in four different schools, spanning almost 30 years, and have come to know that every school year's success hinges on the energy and commitment of the senior class. This year has been one of a collective commitment to Lick's unique mission with a balance of authentic joy. From the class-level games at community meeting that reminded us that we can be intentional about having fun together to the dedication of student leaders to compel us forward as a school around how to talk about the hard topics like sexual assault and consent, your class has set new expectations for the school that will make us better going forward. I have long believed in the concept that our individual responsibility, in big and small ways, is to leave things better than we found them. You have done that for Lick and we are grateful.

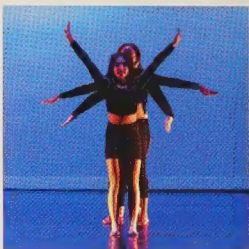

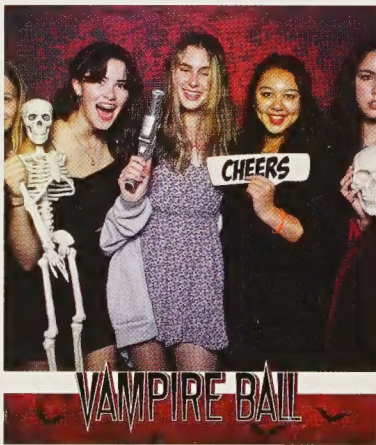

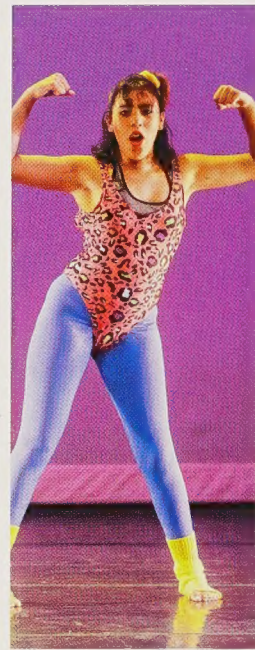

As you leave this place that has been your home for four years, be intentional about maintaining connections with each other, with your teachers, and with the school. While I will only be part of Lick for this one year, I will carry forth my stripes forever - once a Tiger, always a Tiger!

With great pride,

Katie Titus
Interim Head of School

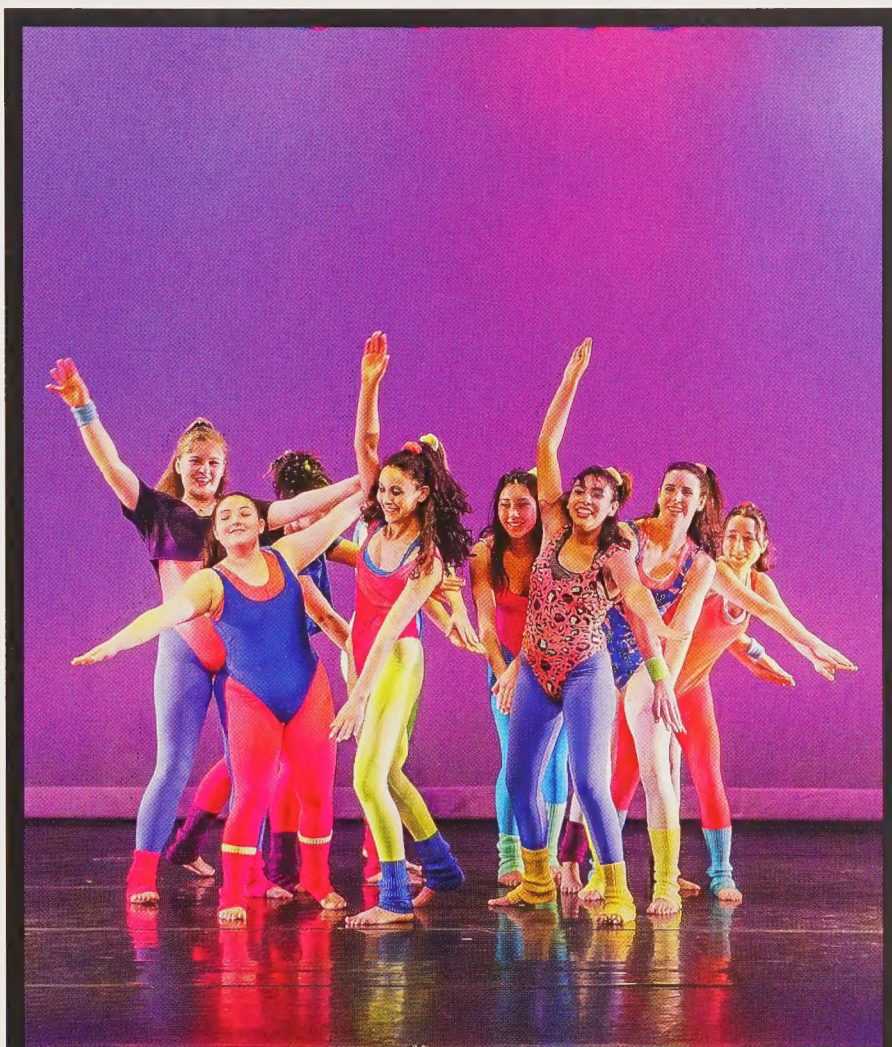

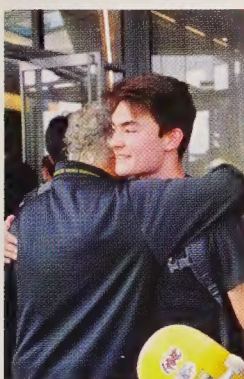

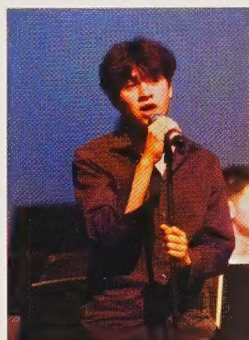

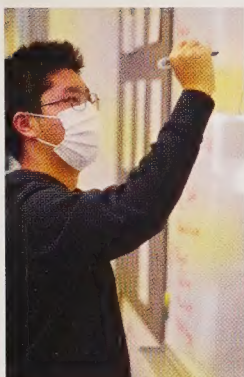

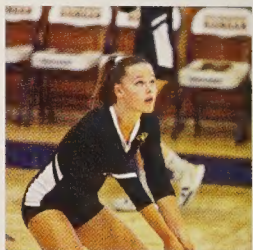

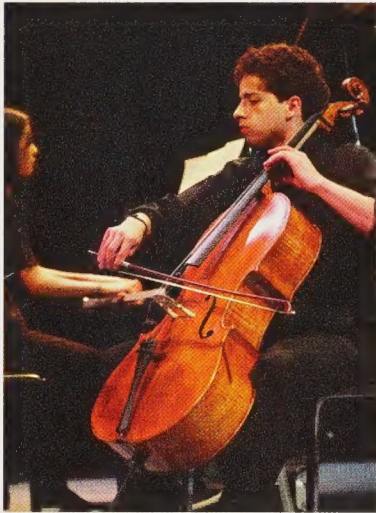

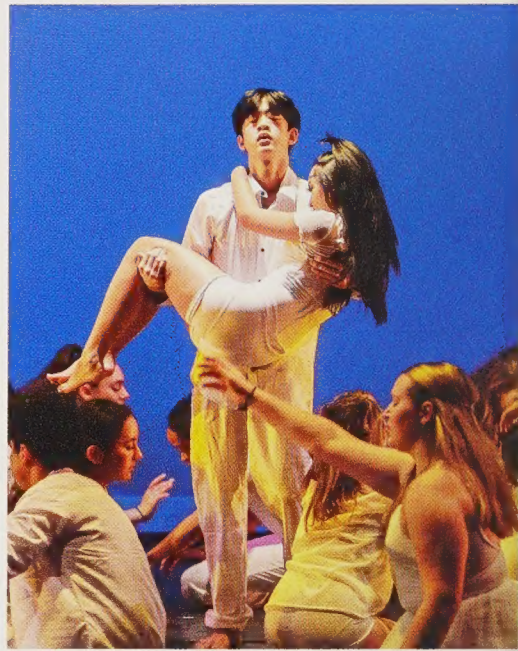

PS: I wanted to take a moment to capture your unique journey through this narrative timeline. I encourage you to add your memories with notes to this yearbook so that when you return for your future reunions you can share in the memories together.
